

CHOIR CHOICE BOARD

“Life is like a game of limbo in reverse, the bar keeps rising and we need to keep rising to the occasion.”
-Ryan Lilly

When difficult times arise we need to make the most of it. You might think it sucks that you have to stay home for so long, but now is the time to rediscover and reinvent yourself.

Below is a table of 20 activities for choir. Try to complete one choice item per day of class.

Use the next page (or add pages) to enter your responses. You can go in any order.

Keep it brief! No need to write more than is needed to answer the particular challenge!
